ELECTROMAGNETIC WAVES ARE OVERFLOWING

We live with many electric products including smartphones, Do you know that "electromagnetic waves" exist in the same way? Since "electromagnetic waves" are invisible, there are many people who do not mind there is a risk of adversely affecting the human body.

BE CARE FOR BABIES AND PREGNANT

WHO (World Health Organization) shows that there is a risk that the frequent use of mobile phones may increase the risk of causing specific diseases, encouraging consumers to take measures to minimize adverse effects it is. Today, countermeasures are already taken in Western countries, children with underdeveloped children are susceptible to damage, so we restrict the use of mobile phones to pregnant women and children.

WHAT'S ZEROJIBA? 「HEALING ZERO FIELD®」

ZEROJIBA incorporates a zero magnetic field generation circuit, which absorbs and utilizes radio waves and electromagnetic waves in the living environment to create an energy field very close to the power spot. That is "zero magnetic field". "Zero magnetic field" gives various good effects to the human body.

ZERO PROTECT YOU FROM ELECTROMAGNETIC STRESS!

ZERO have 3 kinds of effect!

1. Stress relieving effect 2. Relaxing effect 3. Enhancement of antioxidant power For each item we tested for 60 minutes each, the following results are available even in a short time.

- ◇ The degree of stress is reduced by 13% than usual
- ◇ Brain alpha wave doubled than normal
- ◇ 11% increase in antioxidant capacity

A Reduction of stress experiment for biological body

B Antioxidant effect experiment for biological body.

C Measurement experiment of brain waves.

—MECHANISM OF MAKING ZERO MAGNETIC FIELD GENERATING SUBSTRATE—

Absorb radio waves and electromagnetic waves from the antenna and create zero magnetic field by flowing current in the coil.
