—Protect you from electromagnetic stress—

### We're surrounded by electromagnetic wave.

We live with many electrical products, but do you know that electromagnetic waves exist as well? Since "electromagnetic waves" are invisible, there are many people who do not mind as much as the current situation, but electromagnetic waves have a risk of adversely affecting the human body. Although measures have not been taken yet in Japan, preventive measures against electromagnetic waves have already been launched overseas.

"Mechanism of Zero magnetic field generating substrate"

### What's Zerojiba? 「HEALING ZERO FIELD」

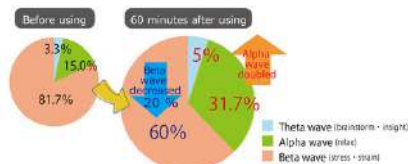

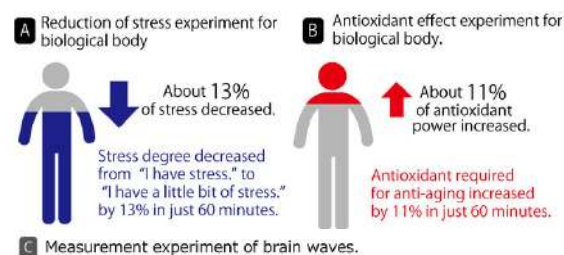

At our company from the idea of the opposite inverse to cut and block electromagnetic waves, Utilize radio waves and electromagnetic waves, artificially create "zero magnetic field". The zero magnetic field is an energy field very close to the power spot, there are various effects that have a good effect on the human body.

### Zerojiba protect you from electromagnetic stress.

There are three major effects of zero magnetic field.

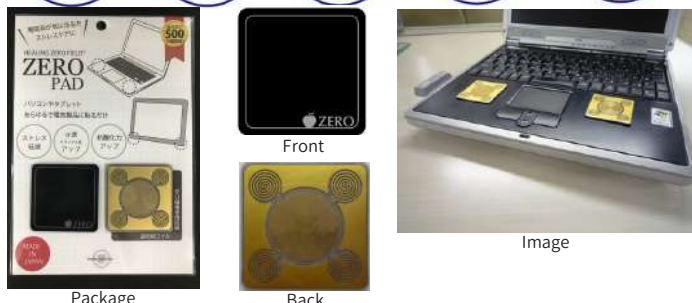

1. Stress relieving effect 2. Relaxing effect 3. Enhancement of antioxidant power. For each item we tested for 60 minutes each, the following results are available even in a short time.

- ◇ The degree of stress is reduced by 13% than usual
- ◇ Brain alpha wave doubled than normal
- ◇ 11% increase in antioxidant capacity
