

# HEALING AUDIO × BRIDAL GIFT

It is only one speaker with appreciation in the world.

## Project contents

### HEALING SOUND SMILE-ONE

Custom-made speaker SMILE-ONE is an only one speaker realized by Happy Talk and M's system collaboration. It is the only speaker in the world where there is no directivity and all the people around you are wrapped in a healing space. Because it brings out the original presence and transparency of the sound, the goodness of the tone can be understood immediately as soon as it is heard.

### TELL APPRECIATION WITH YOUR VOICE

"Feelings for parents who can not quite tell themselves usually"  
It is embarrassing to say directly.  
I want to leave the word firmly as a form.  
We will help you feel like that. You can record your voices, create data, and present voice messages with speakers.

### ONE MEMORY TO SPEAKER

Parents who nurtured carefully since they were born. I will copy important time I do not want to forget so far to the speaker.  
We got some of your photo data on hand and stuffed the memories of only one parent and child in this world. Only one speaker is completed.

ONLY ONE IN THE WORLD.  
IT IS ONLY ONE SPEAKER WITH APPRECIATION
