ZERO Water

—With the force of zero magnetic field deliciously and healthily the water—

The zero magnetic field will adjust the quality of the water!

ZERO Water converts water into magnetic field water with "zero magnetic field" created using radio waves and electromagnetic waves in the air, and further to tasty and healthy water.

What's Zerojiba ? 「HEALING ZERO FIELD®」

ZERO FIT incorporates a zero magnetic field generation circuit, and absorbs and exploits radio waves and electromagnetic waves in the living environment to create an energy field "zero magnetic field" very close to the power spot. "Zero magnetic field" gives various good effects to the human body, at the same time it prevents oxidation of water and creates a change in taste.

Effect of Zerojiba

There are three major effects of zero magnetic field.

1. Stress relief 2. Relax 3. Improvement of antioxidant capacity For each item we conducted a test for 60 minutes each. Despite a short period of time the following results have come up.

- ◇ The stress level is reduced by 13% than usual
- ◇ Brain alpha wave doubled than normal
- ◇ Antioxidant power increased by 11% than usual

ZERO Water

More delicious and healthier ...

It converts tap water and mineral water to magnetic field water with the power of zero magnetic field.

It is recommended not only for people but also for preventing oxidation of water and hood drinking by pets.

If you lay it under the plant, the water will become less tolerable and better condition.

The taste of tap water became mild.

I use it when I drink wine. I drink cheap young wine, I was surprised that the taste got deeper like an aged wine.
